EXPERIENCES & PROJECTS

CODECHEF CAMPUS CHAPTER | CORE MEMBER

This chapter is independent programming club that organise many workshops, online contests, and various other interesting events. Here I made a website which includes various competitive programming resources where programmers can learn and practice.

- [\(Link to Project\)](#)

NSS, IIT PATNA | COORDINATOR Oct 2018 – Present

The National Service Scheme of IIT Patna is an initiative to bring about a change in the Social and Economic forms of the Society where I made the official website.

- [\(Link to Project\)](#)

SAAR, IIT PATNA | SUB-COORDINATOR August 2018 – Present

Students' Association for Alumni Relations is an organisation under student gymkhana, IIT Patna where I developed interactive User Interface.

- [\(Link to Project\)](#)

EASEAPI | MENTOR

This project has been selected by DSC (Developer Student Club) and its aim is to create API sharing Portal and API generator which will help other developers by providing them a platform for creating quality APIs with ease.

- [\(Link to Project\)](#)

TEDX IITP WEBPAGE

TEDx IITP is a program of local, self-organized events that bring people together to share a TED-like experience where I'm developing the official tedx webpage for my college.

- [\(Link to Project\)](#)

ONLINE LEAVE MANAGEMENT PORTAL

This project is basically made using PHP and Javascript which has to be deployed in official IIT patna website for Faculties, Students and other employees.

- [\(Link to Project\)](#)

BRICK-BALL SHINCHAN GAME

It's a simple game made using Javascript where user has to break the brick using ball & a base bar and can be controlled using both keyboard and mouse.
